August 22: WHA Member Forum: Using Video Monitoring to Reduce Readmissions

Plan to attend the WHA Member Forum: My Care, My Home: Using Video Monitoring to Reduce Readmissions

This complimentary webinar will focus on using video-monitoring devices in long-term care and patient home settings to reduce avoidable emergency room visits and inpatient stays. Registration is available now [online](#).

During the webinar, Lois Van Abel, Bellin Health's Director of Care Coordination, will:

- Describe how Bellin Health Partners, a CMS Next Generation Accountable Care Organization (ACO), uses video monitoring in long-term care settings and in the patient's home to prevent high-cost care utilization for certain patients suffering from chronic conditions.
- Share available data about the ACO's strategic use of telehealth, as well as lessons learned.

Van Abel

This webinar is designed for telemedicine program managers, chief operating officers, chief nursing officers, chief medical officers, emergency room directors, chief information officers, discharge planners, and compliance officers.

WHA members are encouraged to pass registration information for this webinar along to the appropriate persons in their organizations. Contact [Kayla Chatterton](#) with registration questions.

This WHA Member Forum is complimentary and open only to WHA hospital and corporate members.
