

Health Care Quality Showcase at the Capitol Rotunda

Achievement recognizes Bellin and Gundersen Health System's commitment to advocating for Wisconsin hospitals

The second annual Health Care Quality Showcase was held March 20 at the Capitol Rotunda in conjunction with WHA's Advocacy Day. Hospital quality leaders from 23 Wisconsin hospitals showcased their quality and patient safety improvement successes with posters featuring their projects. This was a valuable opportunity to inform elected officials, other Advocacy Day attendees from around the state, and the public about quality and patient safety-focused advancements in Wisconsin's hospitals. See [Health Care Quality Showcase participants](#) for a listing of the hospital participants and their improvement projects by topic.
