

Integration of Social Care to Promote Health, Ensure Equitable Outcomes and Reduce Readmissions Webinar Series

WHA is partnering with Rush University's Center for Health and Social Care Integration (CHaSCI) to present a webinar series focusing on reducing 30-day readmissions through the integration of practices, policies and models that expand access to social care. Join us to gain a deeper understanding of health-related social risk factors, learn clinical skills to address social care and tangible steps to integrate social care into transitional care planning. For more details and information, see the program [flier](#).

This opportunity is available to critical access and small rural hospitals with sponsorship provided by the Wisconsin Office of Rural Health (WORH). Register for the two webinars below:

Webinar 1: Leveraging Locally for Social Needs

When: Wednesday, November 16, 2022 – 11 a.m. - 12:15 p.m.

Cost: This webinar is offered at no cost to CAHs and small rural hospitals.

[Register here](#)

Connecting patients with care needs to appropriate resources is a critical, but often a daunting and time-consuming task. This webinar will describe how to sustainably leverage formal and informal community resources through effective engagement and the creation of a dedicated resource network.

Webinar 2: Social Care – Beyond Resources

When: Wednesday, December 7, 2022 – 11 a.m. - 12:15 p.m.

Cost: This webinar is offered at no cost to CAHs and rural hospitals

[Register here](#)

Effectively addressing social care often requires more than a connection to a community resource. This webinar discusses common elements of effective care management and the implementation steps necessary for integrating these elements into existing workflows.
