Grant Funding Increased for 2026 Global Vision Community Partnership Award

The **2026 Global Vision Community Partnership Award** is a competitive grant opportunity for WHA member hospitals and their community partners to highlight their collaboration on addressing a documented community health need. Recipients are provided recognition, financial support and public awareness of these projects and initiatives.

In recognition of rising costs for goods and services, the WHA Foundation Board of Directors voted to increase the grant award to \$3,000 starting with the 2026 recipients.

Nominations are due by August 14, 2026. Complete information on the award, including the criteria and nomination form, can be found [here](#).

For more information about the **2026 Global Vision Community Partnership Award**, please contact WHA Foundation Executive Director and WHA Vice President of Education and Corporate Partnerships Leigh Ann Larson.
