## Submit Your Nomination Today for the 2026 Global Vision Community Partnership Award

The **Global Vision Community Partnership Award** is awarded every year by the WHA Foundation and is designed to recognize WHA member hospitals who have partnered with a community health initiative or project. The goal of this competitive grant award is to provide recognition, financial support and public awareness of these projects that successfully address a documented community health need. Partnerships must reach across the community or population served, and the program must be an active, ongoing enterprise at the time of the nomination.

Any Wisconsin Hospital Association hospital member can nominate a project for the Award. **Nominations are due by August 14, 2026.** Complete information on the award, including the criteria and nomination form, can be found [here](#).

For more information about the 2026 Global Vision Community Partnership Award, contact WHA Foundation Executive Director and WHA Vice President of Education and Corporate Partnerships Leigh Ann Larson.
