Last Chance to Register for the 2026 Wisconsin Health Care Workforce Webinar Series – Part 1

Join WHA Senior Vice President of Workforce and Clinical Practice Ann Zenk and invited guests from state government and education for a series of webinars focused on Wisconsin's health care workforce. The series is intended to provide a forum for WHA members and other key stakeholders to discuss the workforce challenges confronting hospitals and health systems. Participants will also have an opportunity to learn about and share innovative strategies to grow the workforce faster and to leverage top-of-skill practice, teams and technology to keep up with demand that is unlikely to outpace even rapid workforce growth.

The WHA 2026 Wisconsin Health Care Workforce Webinar Series will kick off on **March 31**, with a session focused on WHA's annual Wisconsin Health Care Workforce Report.

This webinar is for hospital and corporate members only. For more information on the webinar, including registration, click the button below.
